

DANGER TO DOGS

IN BUSHY PARK DEER ARE GIVING BIRTH TO THEIR YOUNG BEFORE THE BRACKEN GROWTH IS HIGH. BRACKEN IS IMPORTANT TO THE DEER WHO USE IT TO HIDE THEIR YOUNG.

THE LACK OF SHELTER WILL MEAN AN ANXIOUS PERIOD FOR THE YOUNG MOTHERS.

WE ADVISE THAT DOG WALKERS AVOID THESE AREAS WHERE POSSIBLE OR KEEP THEIR DOGS ON A LEAD.

DEER REACT BADLY TO DOGS WHEN THEIR YOUNG ARE NEAR.

THANK YOU FOR YOUR HELP IN THIS MATTER.
