Public Transport

Rail is one of the fastest ways to travel across the Borough, into Central London and beyond.

Several rail operators serve the Richmond upon Thames.

The Borough is well served by a number of buses. This map has been designed to help you plan your journey.

For information about the frequency of specific services or route please contact the relevant provider or visit tfl.gov.uk to plan your journey online.

Walking

Walking is often the easiest way of reaching and travelling between key destinations in the Borough. The reverse side of this map can be used as a walking map to help plan walking routes.

Legible London signage in Richmond and Twickenham Town Centres can also help you navigate around these areas and find destinations within walking distance.

Cyclist Training

As part of the new National Standard, Richmond Council's Safety Education Team offers three levels of cyclist training.

Level 1 is provided in a traffic free environment. It will prepare you to make a safe cycling trip in a traffic-free set up.

Level 2 is provided on main roads. On completion, you will have the skills and understanding to cycle safely in your local area.

Level 3 is provided on busy roads and focuses on complex junctions and more difficult manoeuvres.

Professionally qualified instructors are available to teach a wide audience from young children right up to experienced adult cyclists.

Cyclist training for adults includes One-to-one training and evening courses. In school training is available for children.

To find out more please contact the Safety Education Team using 08456 122 660 or email highwaysandtransport@richmond.gov.uk

Cycling

The number of people choosing to cycle has increased significantly in recent years. Cycling is a cheap, quick, and enjoyable way to travel for leisure and commuter purposes.

The London Borough of Richmond upon Thames is committed to supporting cyclists that live and travel through the borough. This cycle map includes main road cycle routes and off road/quiet cycle routes suitable for family groups within Richmond upon Thames. Outside the Borough only main road cycle routes have been included.

If you require more detailed cycle information for the area surrounding Richmond upon Thames please visit tfl.gov.uk/cycling to request the appropriate Local Cycling Guide for your area.

Cycle/Rail Interchange

Cycling is a convenient and efficient way to continue a rail journey. Folding bicycles can be taken on all rail services at any time.

Travel restrictions are placed on non-folding bicycles during peak times (Mon-Fri 0700-1000/1600-1900).

The Borough is working in partnership with South West Trains to provide better secure cycle parking at railway stations across the Borough.

To find out more about travelling with bicycles on the rail and underground network please visit our service provider's website.

Bike 'n' Ride

Exploring Richmond is now easier... Folding and non-folding bikes can now be hired from Richmond Station when it suits you. Simply visit the information desk on the lower station concourse to pick up a bike. Booking is not necessary.

Indicative Journey Times from Richmond Station

Car Clubs

Joining a car club could save you up to £3,500 a year. There are three car club operators in the Borough and their locations are clearly indicated on the map overleaf. All you need to do is locate a car, book it and off you go!
