

The Heart of the Community.

## PETITION FORM

I/We, the undersigned totally oppose (1) the transfer of ownership of Teddington Memorial Hospital from NHS Richmond to Hounslow & Richmond Community Healthcare NHS Trust from which a successor Foundation Trust will follow or(2) passing the hospital into a London wide property pool to be disposed of as NHS London sees fit, on the basis that it will place the hospital in a risk situation for the future. We call upon the Secretary of State for Health, Andrew Lansley and his advisors to establish an acceptable model of ownership that will ensure Teddington Memorial Hospital is embedded in its community for generations to come.
