Paintings and jewellery on show inside the house

My garden is on the wild and woolly side. It is a secret garden, hidden behind a high brick wall. People are always curious about what lies behind ... it is often referred to as an oasis. I try never use chemicals so there is a very mossy lawn but lots of frogs and newts. It is not a smart garden but a very well loved one. I grow a few vegetables and there are two ponds and a lovely greenhouse that my husband made me.

Home-made fudge for sale

A compact cottage style garden surrounded by high hedges and fences covered with climbers and shrubs. In the centre of the back lawn is a circular rose bed and towards the rear, is a deep herbaceous border with a small apple tree in its midst. The herbaceous border has a wide variety of plants including several types of penstemon (unlikely to be in flower), alliums, pinks, scabious, geraniums and clematis.

18 & 20 Teddington Park

Alan Drake and Helga & Michael Foss

Compare and contrast! Same size plot, same aspect but there it ends. Alan's high maintenance garden looks lovely most of the time, although everything is a month late this year, except the topiary which have revelled in the damp conditions. Helga and Michael's will peak on the 2nd of June! Just a few extra steps and you can enjoy both gardens, but not two for the price of one!

21 Teddington Park

Jenny Hilton

A small garden that is only now recovering from the ravages of climate change. It is divided into 3 small rooms: a lawn area surrounded by camellias, a water garden with fish and a fountain, and a woodland area which is crowded with spring flowers but still has summer appeal"

Alma Cottage, Albert Road

Dick & Gilly Hughes

Some early maps of Teddington on display and home-made fudge for sale

A walled garden, first laid out in 1854 by the owner, a gardener of Chiswick. Some of the original layout has been retained, currently planted with fruit trees, grape vines and shrubs. There is an air raid shelter, a pirate's castle for supervised 4-7 year olds and a pond.

Jan & David Pollock

Before & after photos of the 'make-over' on display

Jan and David returned to Teddington 9 months ago after living in Berkshire and then Surrey for 6 years and immediately cleared the garden of the house they bought. From an imaginative design by local landscape designer, John Wood, the new garden was constructed by his team and has now been planted with 350 plants of over 50 species.

Refreshments, local honey, home-made fudge, jam and chutneys and garden art for sale

This is (for Teddington) a relatively large garden, which has gradually developed over the 8 years we've been here. When we moved here it was mostly taken up with a large swimming pool and changing rooms, but we've returned it to a lawned family garden, with flower and shrub borders, fruit trees, a vegetable plot and a wildlife pond we dug ourselves! We also have some interesting garden pots and ornaments, some rescued from visits to salvage yards.

St. Mary with St. Alban Church, Ferry Road

Refreshments/Hand Bell Ringers

Come and see the inside of this lovely old church where St Mary Teddington Bells will be ringing at 2.00-2.30pm and again at 3.00-3.30pm. There will be teas served in the churchyard from 2.00-6.00pm this year leading up to a special service. To celebrate the 60th anniversary of the Queen's Coronation there will be a Festival Choral Evensong at 6.30pm after which The Bishop of Kensington will dedicate the 3 pairs of new Jubilee Doors.

Teddington in Flower is organised by **The Teddington Society**. Charity No: 902026
